Re: Patent Applications made "Special"

November 25 2005

Dear Commissioner

This is a supplement, to my previous letter to you, dated April 4 2005 which, I feel compelled to write and inform you, regarding the present status of my two pending applications, BRIDGE 10/459,823 and OMNI, ~~10/634,068~~, which were the subject, of my previous letter. .

Early July, I received a copy of the Omni application made "Special" letter dated June 20 2005, but because the Bridge application was not included. I wrote letters and made several calls and finally I received a copy of the Bridge made "Special" certificate, dated October 11 2005.

Although the Omni application was made Special on June 20 2005, todate I have received no letter, from the Examiner, or anybody else. I have no answers to my letters of June 24 2005 with Amendment A, asking them to change the title and August 11, asking them to withdraw Claim 2, which the Examiner had objected to and add Claim 3 instead, neither of which appeared on the PAIR.

The last Office Action I received from the Examiner of the Bridge application, is dated December 14 2004 and received by me April 13 2005, I understand, due to some mistake, the letter was returned to PTO, after three months and reforwarded to me from there.

-2-

I answered that Office Action, with mine of May 18 2005, but have received nothing from them. I have noticed from PAIR, that the Examiner was replaced but that is all I know.

I cannot believe that this is normal practice of the USPTO and wonder why am I made the exception.

My petitions to those two applications, to be made "Special" were sent with the applications, two years ago, with proper certificates verifying that I was well over sixty five years old. Obviously they were ignored.

And now, two years later, with the petitions granted, I am still being ignored and probably forgotten

I beg your forgiveness, for bothering you with my problems, but I see no other way to help myself and help I do badly need now.

Very Respectfully Yours
